Labor rejects GMA's Labor Day gift

Manila—The Philippine General Chamber of Labor (PGCL) has rejected the gift of a Labor Day medal from the GMA network, saying it is a mere token of appreciation for the network's support of labor.

The PGCL, which represents more than 100 unions, said the medal is a "symbol of the network's support for labor" and is not a "reward" for the network's support.

The PGCL also said it is not interested in the medal, as it is not a union and does not have the right to accept such a gift.

Court allows Erap to see mom, docs

MANILA (Philippine Daily Inquirer) — The Manila Regional Trial Court (RTC) has granted a writ of habeas corpus to allow Joseph Estrada to visit his mother and see his medical records. The court's decision comes after Estrada's lawyers filed a petition for habeas corpus, claiming that his detention was illegal. The court found in favor of the petition, stating that Estrada's detention was indeed illegal. The court also ordered the release of Estrada's mother and the disclosure of his medical records. The decision is a significant victory for Estrada's legal team and has sparked widespread speculation about his future. Estrada has been in custody since his arrest in 2001, and his case has been a major focus of public attention in the Philippines.

Figure 1 consists of two line graphs. The left graph is titled 'Growth of E. coli O157:H7 on TSB (pH 7.0)'. The y-axis is 'log CFU' ranging from 0 to 8. The x-axis is 'Time (h)' ranging from 0 to 10. Two data series are shown: '100% RH' (solid line with circles) and 'Control' (dashed line with squares). Both series show a linear increase in log CFU over time, reaching approximately 7.5 log CFU at 10 hours. The right graph is titled 'Growth of E. coli O157:H7 on TSB (pH 5.5)'. The y-axis is 'log CFU' ranging from 0 to 8. The x-axis is 'Time (h)' ranging from 0 to 10. Two data series are shown: '100% RH' (solid line with circles) and 'Control' (dashed line with squares).
